Do your classmates come to you when no one else can find a solution? Are you excited about creating solutions using the best and latest technologies? Are you prepared to work with the brightest technologists in the area? If so, let's talk.

THE COMPANY.

As an Oracle partner for the past 16 years, Zirous is focused on delivering high caliber solutions using the latest and greatest Oracle technologies. Our clients seek our professional services to streamline their development and implementation process. We are looking for Interns who:

- * Are not afraid to encounter challenging circumstances
- * Love new technology
- * Are motivated to deliver

THE INTERNSHIP.

Ready to get some real-world experience? Work with other top-notch interns and some of the brightest professionals in the industry? Develop software that will actually get used? You can do all of this while receiving a very competitive wage. Zirous hires interns and co-ops each year.

Upon concluding the project, each intern or team of interns will create a whitepaper and present their findings to the Zirous staff. The whitepaper and presentation will focus on how this technology could be applied to improve a business process.
